

Important Reminder

Please be advised that it is the **patient's responsibility** to know what vision coverage and/or health insurance they have **before** their eye examination. This includes any referrals necessary for your visit

If you do **not** know your vision or health insurance information, you should contact your employer's human resources department for assistance. Once you know your vision coverage we can assist you in retrieving authorization for your given plan. Services and materials not covered by your plan will be there patient's financial responsibility.

This policy helps to make a more pleasant experience when knowing what you are and are not covered for with services and materials.

Thank you for your cooperation,

Our staff at *Dr. Viviani's Total Vision Care*
